

March 8 is

International Women's Day

International Women's Day highlights the social, economic, cultural and political achievements of women.

This observance is a time to:

- Reflect on progress made.
- Call for increased opportunities for and recognition of the accomplishments of women.
- Celebrate acts of courage by ordinary women who have played an extraordinary role in our history.

Everyone everywhere can play a part. Collectively, we can all celebrate women's achievements and forge positive results.
